

Open Mind Pakistan Trainee Program 2015

Guidelines to Choose Your Field of Interest

Commercial

The Commercial Division is responsible for understanding customers need, the market and the competition. Marketers are primarily responsible for developing the Company's go-to-market strategies, promotions and products, brand philosophy and communication.

Positions can exist in many areas, including Segments, Business Intelligence, Sales & Distribution, Brands, Product Development or Value Added Services

Human Capital

The value Telenor places on our employees knows no bounds and this division reflects our commitment to the company's most important asset, its human resource.

Positions in Human Capital exist in areas such as Human Resource Business Partners, Learning and Development, HR Recruitment, HR Transactions, Employee Services, etc.

Technology

Planning, Implementation and Operation of our expansive network is the core responsibility of our **Technology Division**. It also provides enterprise services internally that enable us to work and share information.

The division promises challenging careers in areas such as RAN Planning and Optimization, Network Operations, Technology Strategy, Business Support System, etc.

Financial Services

Financial Services manages the mobile financial services launched by Telenor Pakistan and Tameer Microfinance Bank under the 'Easypaisa' banner. The vision of Easypaisa is to provide convenient, reliable, secure and speedy financial services.

The division is our latest green-field operations and provides career opportunities in Pricing & Strategy, Products & System Operations, etc.

Finance

The Finance Division aims to fulfill all financial requirements while minimizing the risks involved on financial and accounting sides to ensure Telenor remains a vibrant and healthy enterprise.

Careers in finance include areas such as Business Planning & Analysis, Risk & Assurance Management, Financial Control, etc.

كروممكن

Corporate Affairs

These areas promise exhilarating career options for those who enjoy working on stakeholder management, long term strategy and special projects. Career opportunities are available in areas such as Corporate Communications & Responsibility, Legal, Regulatory and Public & Government Affairs

Customer Care Division

The Customer Care Division is responsible for managing all customer service touch points including the call center and our sales & service centers located across the country.
